Brøndbyernes I.F. Fodbold A/S ("Brøndby" or the "Company") today announces that 570,332,733 new shares with a nominal value of DKK 0.25 each (the "New Shares") offered under the rights issue announced by the Company on 10 January 2025 (the "Offering") have been subscribed for. As such, the rights issue has been fully subscribed as described further below.

The total number of New Shares subscribed for corresponds to gross proceeds accruing to the Company of approx. DKK 171,1 million and net proceeds of approx. DKK 164,1 million after deduction of estimated costs and expenses payable by the Company in relation to the Offering. Accordingly, the Company expects to complete the Offering and intends to use the net proceeds of the Offering with the objective to improve financial performance by reaching continuous participation in the league stage of the UEFA club competitions, unlocking player transfer potential, and capitalizing on commercial growth opportunities, as previously communicated and described in the prospectus prepared in connection with the Offering. Moreover, the Company will allocate some of the proceeds to infrastructure & commercial projects enabling improved commercial profit from commercial growth opportunities.

A total of 459,507,542 of the New Shares, corresponding to a total subscription amount of approx. DKK 137,9 million, have been subscribed for by exercise of pre-emptive rights during the subscription period. A total of 110,825,191 of the New Shares, corresponding to a total subscription amount of approx. DKK 33,2 million, have been subscribed for as a result of applications for subscription of Remaining Shares (New Shares that have not been subscribed for through the exercise of pre-emptive rights during the subscription period).

As the Company has received applications for subscription of a total of 162,010,544 Remaining Shares, the demand for the Remaining Shares has exceeded the number of New Shares not subscribed for by exercise of pre-emptive rights. The Company's board of directors has resolved to allocate the Remaining Shares proportionally, which means that all investors who have requested to subscribe for the Remaining Shares have been allocated Remaining Shares based on a pro rata allocation key corresponding to approximately 68.4% of the subscription requests made.
